Work Experience: • • • • • • • • • • • • • • • • • • •		
i worked on a project for CSI HACKATHON I am a proficient programmer in c/c++, javascript, python, machine learning and neural networks I have also worked on flask, django, MERN and MEAN stack and also threejs, you can see the projects on github for the same. I have also developed a chain reacton game in C which will be shard on github. I am also working on minor project in my sixth semester that is assignment checker (which is based on image detection and processing, using opency and creates it database). I also enjoy movies by david fincher, christoper nolan and guy ritchie etc and a football enthusiast. Language Skills: PYTHON C++ C Technical Skills: MI/AL THREEJS DJANGO MERN/MEAN
